

TOP CHOICE FOR THE BEST →

FIFA WORLD CUP - OLYMPIC GAMES - RUGBY WORLD CUP - ATP WORLD TOUR

This treatment helped me to be able to take part in the World Cup races... Thanks for the help.

It was worth its weight in gold !

Aksel Lund Svindal, Alpine Skier – Olympic Gold Medalist

I was struggling with my back... On my third and fourth treatments with the shock wave I was seeing real big improvements !

Stuart Appleby, PGA Golf Player – Winner of a Major Championship

I work with high profile athletes, and they would not accept second best !

2015 - Per Nymann Andersen – Chiropractor and Sports Physiotherapist

I FEEL GOOD

EMS+

SWISS DOLORCLAST® METHOD →

RELIEF IN
3-5
SESSIONS

HOW SHOCK WAVES WORK →

Shock waves trigger a metabolic reaction when delivered to the tissue:

- > Relieves pain during treatment
- > Helps soft tissues heal in 6 weeks after treatment

WHY SHOCK WAVES →

- > Fast and effective
- > Clinically proven*
- > No medication, noninvasive

PAIN THERAPY IN 4 STEPS →

1 PALPATE
To locate
pain areas

2 MARK
To define
treatment area

3 APPLY GEL
To transmit
shock waves

4 APPLY SHOCK WAVES
Based on patient's
biofeedback

Cervical pain

Shoulder pain

Low back pain

Tennis elbow

Achilles tendinopathy

Plantar fasciitis
